Enjoy Summer Safely

With warmer weather approaching and a whole host of events taking place, such as the Euro 2024 tournament, the Olympics and Leeds Festival, West Yorkshire Police has launched a new campaign to encourage people to enjoy the summer safely.

The campaign aims to raise awareness of crimes such as domestic abuse, drink driving, one punch manslaughter and sexual assault which can increase at this time of year; and give advice on how to keep yourself and others safe on a night out.

We don't want to stop anyone's fun, just make sure that everyone looks out for themselves and each other, and makes Summer 2024 one to remember for all the right reasons.

Loan Sharks

Loan sharks are illegal moneylenders who often charge very high interest rates. They often target people who need to borrow money and can't access it from legal sources.

Spotting a loan shark may not always be straightforward. A loan shark could be an acquaintance who seems friendly and helpful at first, lulling you into a false sense of security before they then take a more intimidating and threatening approach.

Anyone lending money must be authorised by the Financial Conduct Authority (FCA). Check if a lender is registered by searching the Financial Services register online.
